CRITICAL MASS IS A *"It's the most fun party on two wheels to celebrate bicycling – a fast, friendly, clean, efficient, healthy, cheap, sensible, and fun way to get around the city. you'll have on your bike all month!"*

Peter, Somerville

Critical Mass is a vision of a happy, bike-friendly world replacing our polluted, congested roads, a protest for better cycling facilities and against car culture, a mobile paean to bicycling's joys, a merry ride downtown and through the neighborhoods with friends, and more – all rolled into one convenient monthly ride right after work!
