# CRITICAL MASS

We are riding because  
bikes don't eat the ozone  
bikes don't kill thousands of people yearly  
bike riding is great exercise  
biking makes you part of your neighborhood  
bikes don't fill up the landfills as fast as cars  
bikes don't cost \$1.69 per gallon to fuel  
bikes don't contribute to noise pollution  
**BIKES ARE FUN**

We invite you to join the party: the last Friday of every month, starting at Copley Square at 5:30.
