The Velorution!

BOSTON CRITICAL MASS

Critical Mass is a vision of a happy, bike-friendly world replacing our polluted, congested roads, a protest for better cycling facilities and against car culture, a mobile paean to bicycling's joys, a reclamation of our public space, a merry ride downtown and through the neighborhoods with friends, and more – all rolled into one convenient monthly ride right after work!

<http://www.bostoncriticalmass.org>

Join us May 25 and the last Friday of every month at **5:30 PM** in Copley Square.
